

Cat Depot Pet Badge Program

How to make a braided fleece pet toy

Supplies:

- Fleece Material
(generally 1 pattern and 1 solid are best)
- Scissors

Instructions:

1. To get started, grab three colors of fleece scraps. Cut one, long strip of each fabric. If you have a small cat, then cut them about 1 inch wide, for a big cat, do about 1.5 inches wide.
2. About 2 inches from the top, tie all three strips together with a single knot.
3. Now braid the strips together until you get about 2 inches from the bottom.
4. Then knot it again where the braid ends.
